

How To Play Carolina Cash 5

Want to play something that can get exciting fast? Carolina Cash 5 is your game. It has drawings daily and the top prize starts at \$50,000 and continues to grow each time no one matches all five numbers drawn. Here's how you get started:

- 1

To play, select five numbers from 1 to 39, or choose Quick Pick and have the computer pick your numbers for you. You can play up to 5 sets of numbers on one play slip, with each play costing \$1.
- 2

Then, decide how many drawings you'd like to play. You can play up to 28 drawings in advance by selecting Multi-Draw. Plays will be for consecutive draw days.
- 3

If you make a mistake when marking your play slip, mark the "VOID" box for that panel and go to the next one. Check your play slip carefully before purchasing your tickets. Carolina Cash 5 tickets cannot be cancelled. It is your responsibility to ensure the ticket you receive represents the numbers you selected and the drawing you want to enter.

How Do I Win and How Much Can I Win?

If you match 2, 3, 4, or 5 of the numbers drawn in any order – you win! If no player matches all five numbers drawn, the prize money for the 5 of 5 prize will roll to the next drawing. Prize amounts for matching 5, 4, or 3 numbers are *pari-mutuel, meaning they are shared equally among all winners of that prize level. The prize for matching 2 numbers is a set payout of \$1.
